AMM BULLETIN #1

November 2016

AMM's first year of life

AMI Training

Primary Assistants Course

AMM has hosted a successful AMI Primary Assistants Course held in September 2016, with trainer Tayyaba Saleem and her twelve students. This training marks the first AMI training in Morocco, hopefully opening the path towards many more to come.

Outreach Projects

Lalla Hasna Orphanage - Nido Environment

AMM's work with the orphanage continues and we are delighted to receive positive feedback from our partners there. They have observed that our Nido environment has been significantly benefitting the children, and the results are palpable! We are looking forward to continue this great work. As a follow-up to our last visit on November 15th, we have compiled a list of needs to enrich the environment as well as start a new one.

Seminars

Kyla Morenz
AMI Elementary Trainer

Kyla has offered a lecture about the child of the second plane to parents of elementary aged children. This was followed by a hands on session in an AMI Elementary environment, portraying how the environment and its materials respond to the needs of the children of that age.

Tayyaba Saleem
AMI Primary Trainer

A 9-hour Introductory Seminar about Montessori was offered for anyone interested in learning more about Montessori education and the theory behind its magic. As to link the theory to a concrete Montessori experience, all participants have had the opportunity to observe in AMI environments at Ecole Montessori Casablanca. Four lectures have been offered on the topics of Prepared Environment, Positive Parenting, Freedom within Limits, and Montessori in the Home.
